The right contact for the development of individual solutions according to your wishes and ideas

Benefit from the customer-specific individuality in your server cabinet. Whether as a server farm or network workstation, for example, the Customized Kit from racknex is the intelligent solution.

UM-BAY-201 is the **Customized Kit** from computer component specialist **racknex** for the perfect integration of your valuable desktop appliances in 10-inch and 19-inch server cabinets.

With the **Customized Kits** you increase the life cycle of your hardware and bring more agility into your IT organisation besides the technical improvement.

Rack mount kits from **racknex** merge technical optimisation and homogeneous design for many areas in 19-inch server racks on just a few rack units.

When ordering in the online shop, the design and number of cables as well as the design of the plug connections can be selected individually.
