The perfect performance of Mini PCs in 10 inch and 19 inch server racks

Perfect the functionality of your IT infrastructure with the flexible integration of a wide range of Mini PCs using Mini PC Kits from racknex.

UM-BEE-201 is the Mini PC Kit from computer component specialist racknex for the perfect integration of your Mini PC's in 10-inch and 19-inch server racks.

With the Mini PC Kits you increase the life cycle of your hardware and bring more flexibility into your IT organisation in addition to the technical improvement.

Rack mount kits from racknex merge technical optimisation and homogeneous design for many areas in 10-inch and 19-inch server racks on just a few rack units.

When ordering in the online shop, the design and number of cables as well as the design of the plug connections can be selected individually.
