

**Assembly instructions  
LED Light Guide Set 004  
NM-NTG-003**

The smart difference.

### **1. Loosely pre-assemble the light pipe holder**

Fasten the light pipe holder loosely to the Rack Mount Kit with the fastening screws (included in the scope of supply).

### **2. Loosely mount the flexible light pipe**

Fasten the light pipe(s) loosely to the light pipe holder with the fixing screw(s) (included in the scope of supply).

### **3. Fasten the light pipe holder and the flexible light pipe**

Adjust the light pipe(s) for optimal illumination at the front of the Rack Mount Kit and tighten the screws.
